Re: PAINT WORKS SEEP AREA WORK PLAN
THE PAINT WORKS CORPORATE CENTER
GIBBSBORO, NJ

Dear Ms. Green:

Please find attached three copies of the Seep Area Work Plan prepared to complete additional work at The Paint Works Corporate Center located in Gibbsboro, New Jersey. The proposed statement of work satisfies all of the requirements of the draft Administrative Order on Consent for Removal Action issued by U.S. EPA on December 2002 (draft Order). However, we have also included tasks not required in the draft Order so that we can move aggressively toward a complete remedy of the seep and mitigate impacts to Hilliard Creek.

As we discussed, we would like to move forward with this work quickly under the Notice to Responsible Party under CERCLA and SARA to Respondent issued by U.S. EPA on 29 April 2002 versus waiting for the draft Order to be finalized.

Please do not hesitate to contact me at (216) 566-1794 if you have any questions.

Sincerely,

Mary Lou Capichioni
Director, Remediation Services
